

BE AN AUTHORS IN THE SCHOOLS “ANGEL”

As a sponsor of Authors in the Schools, your contribution pays for a published children’s author to conduct one-on-one writing workshops in individual classrooms. Third grade workshops also include an assembly presentation by the author. Each child receives an autographed copy of the author’s book.

Sponsorship offers these benefits:

Your organization’s name will be affixed on a label inside the autographed book each child receives on the day of the author’s visit.

Your organization’s name will be printed on 2,500 bookmarks given to students, school administrators, parents, and Chicago public libraries.

Materials sent to school officials and letters sent home to parents that explain the Authors in the Schools program will mention your organization’s name.

Brochures from your organization will be accepted to distribute on the day of the author’s visit.

A representative from your organization is encouraged to be present on the day of the Authors in the Schools visit.

Your organization will be acknowledged as an Authors in the Schools sponsor in the Near South News publication.
